

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging
Conditions, Mrs. Bullock Gave
Up in Despair. Husband
Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 54 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

FIGHT ON STREET

MAY PROVE FATAL

R. H. Lockman Severely Cut While
Ben Poston Will Probably Die
From Wounds.

Spartanburg, Nov. 7.—In a fight that will probably prove fatal for one of the men engaged, R. H. Lockman, a young white man of this city was severely cut about the face, and Ben Poston, a negro, received two shots in his body, from which it is thought he will die. The fight occurred in the city last night about 9 o'clock. The negro man went home last night and proceeded to carve up his wife with a knife and beat her; then when she screamed a white woman who lives near the Poston home went to the street where the negro man went after leaving the house. The negro man is said to have threatened the white woman with the wife and presently Lockman heard of the trouble and went in search of the negro. He came upon Poston at the intersection of Chapel and Fremont streets and the fight was the result. The negro cut the white man twice across the face and then Lockman drew his pistol and fired two shots at the negro, both of which took effect. Immediately after, the white man went to a store a short distance away and sent a call for the police and for an ambulance.

NEW DEMURRAGE PLAN.

Railroads Hope to Expedite Unloading of Cars.

Washington, Nov. 3.—Virtually all the railroads in the country have filed tariffs setting aside the present flat rate of \$1 a day, demurrage charge on cars not loaded or unloaded within 48 hours after they are ready for the shipper, and substituting a graduated scale of demurrage.

This new demurrage scale, effective December 1 will permit the railroads after the 48 hour period, to charge \$2 the first day, \$3 the second day, \$4 the third day and \$5 for the fourth day and each subsequent day.

Such penalization is expected to give more prompt release of equipment throughout the country, materially relieving the serious car shortage problem. The new schedule is subject to protest and several complaints already have been filed by shippers alleging it is too drastic.

TORREON NOW ISOLATED.

Railroads in All Directions Cut by Bandits.

El Paso, Nov. 3.—Torreon is isolated, according to a report received by government agents late today from semi-official sources in Juarez. The railroad is reported to have been cut between Jimenez and Torreon, and also south and east of the Coahuila metropolis.

From the same source it was reported that Villa captured a large number of Carranza prisoners in Santa Rosalia, when he occupied that town last Friday. The entire Santa Rosalia garrison is said to have joined the Villa bandits and also 200 men captured from Gen. Fortunato Mayotte's Carranza command. It was also reported that Gen. Mayotte now is in Torreon, having found it impossible to return to Chihuahua City because of the burned bridges near Ortiz.

HIGH COST OF LIVING STARTS LEGAL SEARCH

Washington, Nov. 5.—The rising cost of living is being investigated by the government to ascertain whether the increasing prices are being pushed upward unlawfully. Agents of the department of justice, particularly are seeking evidence of unlawful price increase through conspiracies or other means, and Attorney General Gregory today authorized the following statement:

"The department of justice is investigating the recent abnormal and suspicious increases in the prices of various necessities of life, especially coal. Wherever any such increase is found to have been due to conspiracy or other unlawful action, the department will invoke against the offenders the severest penalties which the law prescribes.
